## *President's Message*

Happy Spring!!

Finally the weather has gotten warmer and the spring flowers and trees are blooming. Of course that also means that things are starting to grow along the trail. Also, the AT thru hikers are on their way north so time to start sprucing up our section.

Work trips in March and April have been well attended. As I hear we have had some new folks giving maintenance a try. If you would like to participate, maintenance trips are held the 3rd Saturday of the month. I believe we might still have an opening for a section maintainer so if you would like to give that a try or learn more about this position, please contact Mark Heede, trail maintenance supervisor at (odatc.trailmaint@gmail.com).

On April 18, several club members joined Josh Kloehn from the ATC VARO office in the AT garlic mustard challenge. The goal of the challenge is to remove one pound of garlic mustard for every mile of the Appalachian Trail (2,189 miles). Garlic mustard is an extremely invasive plant, outcompeting many of our beneficial native plants. Our hardy workers came out of the woods with well over 100 pounds, definitely many more pounds than our 19.1 mile section!! Way to go!!

Don't forget, the 40th ATC Biennial Conference is being held July 17-24 in Winchester, VA at Shenandoah University. Registration is now underway. I've heard that dorm rooms are limited so sign up soon. There is a link on our website for more conference information. If you are also interested in volunteering at the conference, there is a link for volunteer opportunities and a sign up form. Our own Hank Harmon and Leonard Adkins are presenters during the workshop sessions. Looks like some great hikes and excursions also! Hopefully with the conference fairly close to home many club members will be attending this year. I've got my registration in!

While I won't go so far as to say there is good news about the Atlantic Coast Pipeline, the current information gives the impression the possibility of boring under the Blue Ridge Parkway and Appalachian Trail is being explored. There are still too many unknowns even with that proposal so we continue to monitor the process.

Still lots of nice weekends and weekdays to be had as we move into early summer. Be sure to check out the great list of hiking opportunities being offered. The second annual hike leader dinner was held in

## *President's Message – cont'd*

mid-April with over 20 attendees. Great opportunity to say thank you to our growing number of hike leaders. To participate in the dinner you need to have led at least one hike the previous year. Great incentive to lead a hike out on the AT or closer to Richmond!!

As always, your feedback and participation in club events and functions is more than welcome. Just send me an email with your ideas and comments. (odatc.president@gmail.com)

Happy Trails! Theresa

**May 30 (Saturday) Insanity I (A/1)**

Randy Wendell ([randy.wendell@verizon.net](mailto:randy.wendell@verizon.net) ) This is the first hike of Randy's 4-part Insanity Series. The hikes get progressively more challenging and Randy kicks things off with the ODATC's entire 19-mile portion of the AT. Randy isn't certain about the elevation gain, but it isn't trivial so you need to be in good hiking shape for this one. Please email Randy for more details.

**June 3 (Wednesday) Chippokes Plantation State Park – Surry County (D/4)**

Bill Tennant (282-0590 or [Willyten10@aol.com](mailto:Willyten10@aol.com)). This nice 5 mile hike in the Coastal Plain forest includes a one mile beach walk along the tidal James River. This is hike # 11 in Nathan Lott's book *60 Hikes Within 60 Miles of Richmond*. Please note the drive is a little more than one hour from Richmond. Consider local car pools with other hikers in your area. Follow VA 10 east of Hopewell, through Surry, left on Rte. 634. Bring your state park pass or pay a small daily fee at the gate. We will stop for lunch after the hike. Meet at the parking lot in the state park at 9:30 AM.

**June 4 (Thursday) High Bridge State Park Bike Ride – Farmville**

Jim Sturgill (804-883-5842 ) Ride from Rice north through the Town of Farmville and west to Tuggle and return. Features views from the High Bridge. 27 total miles plus optional 14 total miles to the Burkeville end of the trail. Call Jim for details.

**June 6 (Saturday) Hazel Mountain loop in Shenandoah National Park (B/2)**

Bill Tennant ([Willyten10@aol.com](mailto:Willyten10@aol.com) or 282-0590) Here's a new one for us that I had to cancel in December. This isn't the old lung buster that had all that climbing at the end. This will combine several old roads and trails and we'll hike 10.8 miles around Hazel Mountain without having to hike all the way down off the Skyline Drive ridge line. It should be about 1500 feet of elevation with no major climbs. We'll visit a waterfall, cross Hazel River a few times (water should be low) and enjoy a nice walk in the woods. **NOTE: THIS IS AN INTERMEDIATE HIKE. IT HAS TWO NOT STEEP BUT FAIRLY LONG ASCENTS AND SEVERAL ROCK HOPPING WATER CROSSINGS.** Contact Bill for time and meeting location.

**June 6 (Saturday) Insanity II (A/1)**

Randy Wendell ([randy.wendell@verizon.net](mailto:randy.wendell@verizon.net)) This is part II of Randy's Insanity Series. Here Randy has selected Rocky Top, a classic hike, but made an alteration to the route to make it a 20-miler and with plenty of elevation gain. Along with water shoes, for several stream crossings, you'll also need to be in pretty good shape. Please email Randy for more details.

**June 8 (Monday) Lake Anna State Park - Spotsylvania Co. (C/4)**

Jim Hunt ([hikerjimhunt@hotmail.com](mailto:hikerjimhunt@hotmail.com) or 804-730-2364). Hike mostly hardwood forest with views of the fingers of Lake Anna and creeks in the park's interior for 8 miles. The Park is about one hour northwest of Richmond. Meet at the I-64 Oilville Park and Ride Exit 167 to carpool as there is a car entrance fee. Lunch in Mineral. Meet at 9:00 AM.

**June 13 (Saturday) Insanity III (A/1)**

Randy Wendell ([randy.wendell@verizon.net](mailto:randy.wendell@verizon.net)) This is part III of Randy's Insanity Series. The best way to describe this 21-miler is to think Bald Knob, Cold Mountain, and Mount Pleasant. The views should be spectacular, but in all honesty there won't be much time for sightseeing given the distance and elevation gain of this trek. This is a tough one so you need to be in good shape and be able to tolerate potential periods of discomfort. Please email Randy for more details.

**June 20 (Saturday) Insanity IV (A/1)**

Randy Wendell ([randy.wendell@verizon.net](mailto:randy.wendell@verizon.net)) This is part IV, the finale, of Randy's Insanity Series. Training for Everest? Then this hike might be for you. Here Randy combines the Three Ridges/Mau Har loop with the Priest, which totals to 23-miles and 7,500 feet of elevation gain. This nightmare actually came as a suggestion from another ODATC'er who shall remain nameless (hint: his first name begins with "Matt" and his last name begins with "Powell") Saying that this hike is tough would be an understatement. For this one you need to be in strong hiking shape and have a very positive disposition. Oh, and Happy Summer Solstice! Please email Randy for more details.

**June 20 - 27 (Saturday - Saturday) 30th Annual James River Batteau Festival**

A fleet of replica batteau and various canoes and kayaks navigate the James for a week from Lynchburg to Maidens Landing in Goochland. Camping is available at stops along the way. For more information visit: [www.vacanals.org/batteau](http://www.vacanals.org/batteau). I am planning a self-supported canoe trip down the James during the Festival starting in Lynchburg and finishing a few days later probably at Scottsville. If you are interested in joining me on this trip, contact Ken Baker at 804-572-3808 or [lightfoot230@juno.com](mailto:lightfoot230@juno.com).
